

Viking's Laundry Control Systems

Laundry chemical dispensers for a variety of applications

Viking Injector is leading the industry with field-proven laundry systems. Viking's compact Pro Laundry Dispensers are backed by a solid two-year warranty and use reliable AC motors. The features throughout the line will enable you to feed chemicals to a variety of machines from a home-style machine to a 200-pound microprocessor machine.

Common Applications

Viking's laundry dispensers are perfect for machines ranging in size from top-loading home-style machines to 200-pound front-loading on-premise machines. Other applications include new wet/dry cleaning machines, large animal cage washing machines, and car washes. See "Applications" column on back. Call for feasibility of other applications.
